Chairman's Message

Jumaan Trading & Investment Co.(JTI) has been established over 50 years to meet the challenging tasks of Yemen economy.

The beginning was at Aden under the title "Mohammed Ahmed Jumaan Corporation." With full-fledged Corporate head office at Sana'a and with our local and expatriate professionals, the product services and customer care have been the main focus for the Company. As our country is stepping up towards development, we supply the various departments involved in building the infrastructure with best equipment and machinery that money can buy.

Our commitment mainly is to the customer, without him we would not have been in business now. Our aim is to provide a reliable quality product that gives the kind of productivity and service that the customer needs. Actually our relationship with the customer starts with the sale and does not end with it. We are proud of our association with Doosan, Sakai, TCM, TATA Daewoo and other international manufacturing companies that not only provide us with machine management, but also provide training & development of our Yemeni staff.

As a chairman, it will be my endeavor to ensure interaction between my corporation & international companies and the customers for achieving mutually beneficial and long-standing business relationship.

Mohamed A. Jumaan

General Manager's Message

We are committed to being one of the best Trade & Investment company in Yemen and the provider of products in our markets for over half a Century. Achieving our objective requires attracting and developing high-potential individuals who share our commitment to excellence. We seek to promote ambitious, hard-working, successful people to positions of greater responsibility to offer excellent customer services.

Due to the prevailing global economic climate, the company and its affiliates are focusing on core business elements and streamlining key business functions to achieve stability and progress in the long term.

We built a strong customer relationship management and earned customers' trust. We were able to change the customers' purchase concept from purchasing used equipment to brand new that boosts the national economy. We have deepened the societal marketing concept. This concept holds that our task is to determine the needs and interests of target local and regional markets and to deliver the desired satisfactions more effectively and efficiently to customers and the society's well-being.

I hereby wish to extend my gratitude and appreciation to our customers for their trust and constant support of our steps aimed at achieving the best results possible. I also appreciate the Managers that have made the corporate objectives, visions and missions more than a sign on the wall, they lived them, and communicated them to their employees. We also continue asking our Almighty God for his assistance to all to be successful in our future endeavors.

Jti Overview

Who We Are

Jumaan Trading & Investment Co. (JTI).

The former name was Mohamed Ahmed Jumaan Corporation (MAJ) a leader family trading Company in the Republic of Yemen. A 50-plus year history of leadership and annual turnover rate of 7 billion YR in the last 6 years. JTI is a local provider of Construction Machinery, Industrial Equipment, Marine & Agricultural Equipment, Military & Civil Spare Parts and All purpose Military & Civil Vehicles and offers after sales service.

These are provided by our four divisions:

- 1- Construction Equipments Division.
- 2- Agriculture & Marine Equipments Division.
- 3- Industrial Machinery Division.
- 4- Special Project Division.

Our Mission

To increase customers, employees, and shareholders value through expanding our activities in all divisions we currently operate and deliver new related products and high-quality service, at the same time entering new industries and achieve the prospective growth.

Our Vision

" Over 50 years of experience in providing the local marketplace with high quality and innovative products, JTI will expand its activities across global businesses to be a World-Class company able to provide a boost to national economy.

Our Core Values

Integrity

We must demand of ourselves and of each other the highest standards of individual and corporate integrity. We safeguard company assets. We comply with all laws and company policies. We are dedicated to diversity, fair treatment, mutual respect and trust.

Accountability

We honor the commitments we make, and take personal responsibility for all actions and results. We create an operating discipline of continuous improvement that is an integral part of our culture.

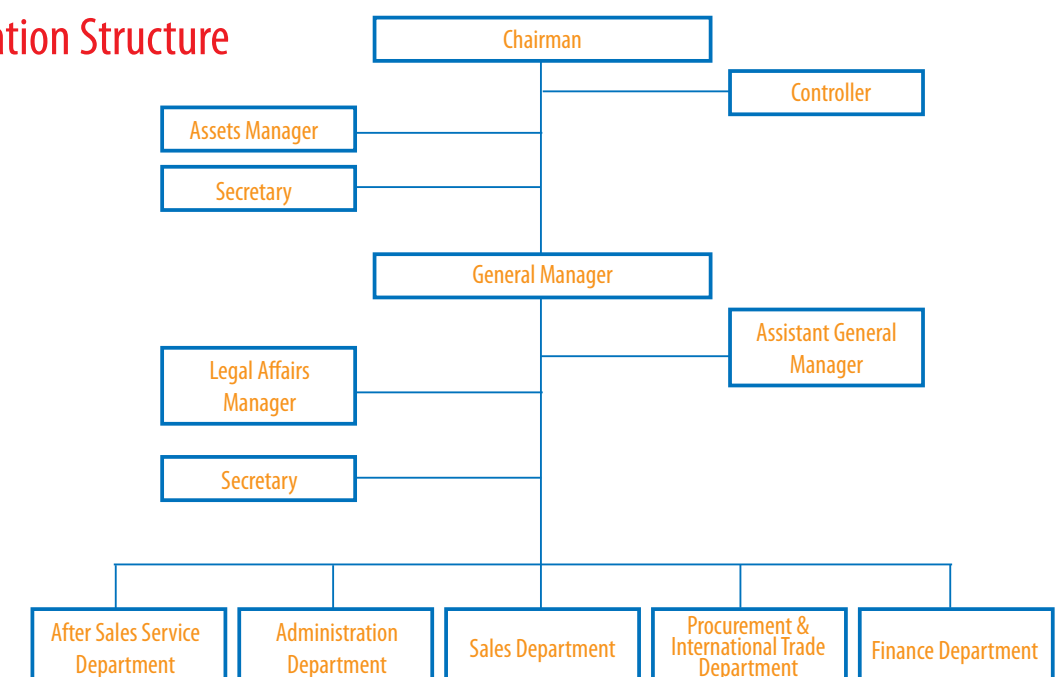

Teamwork

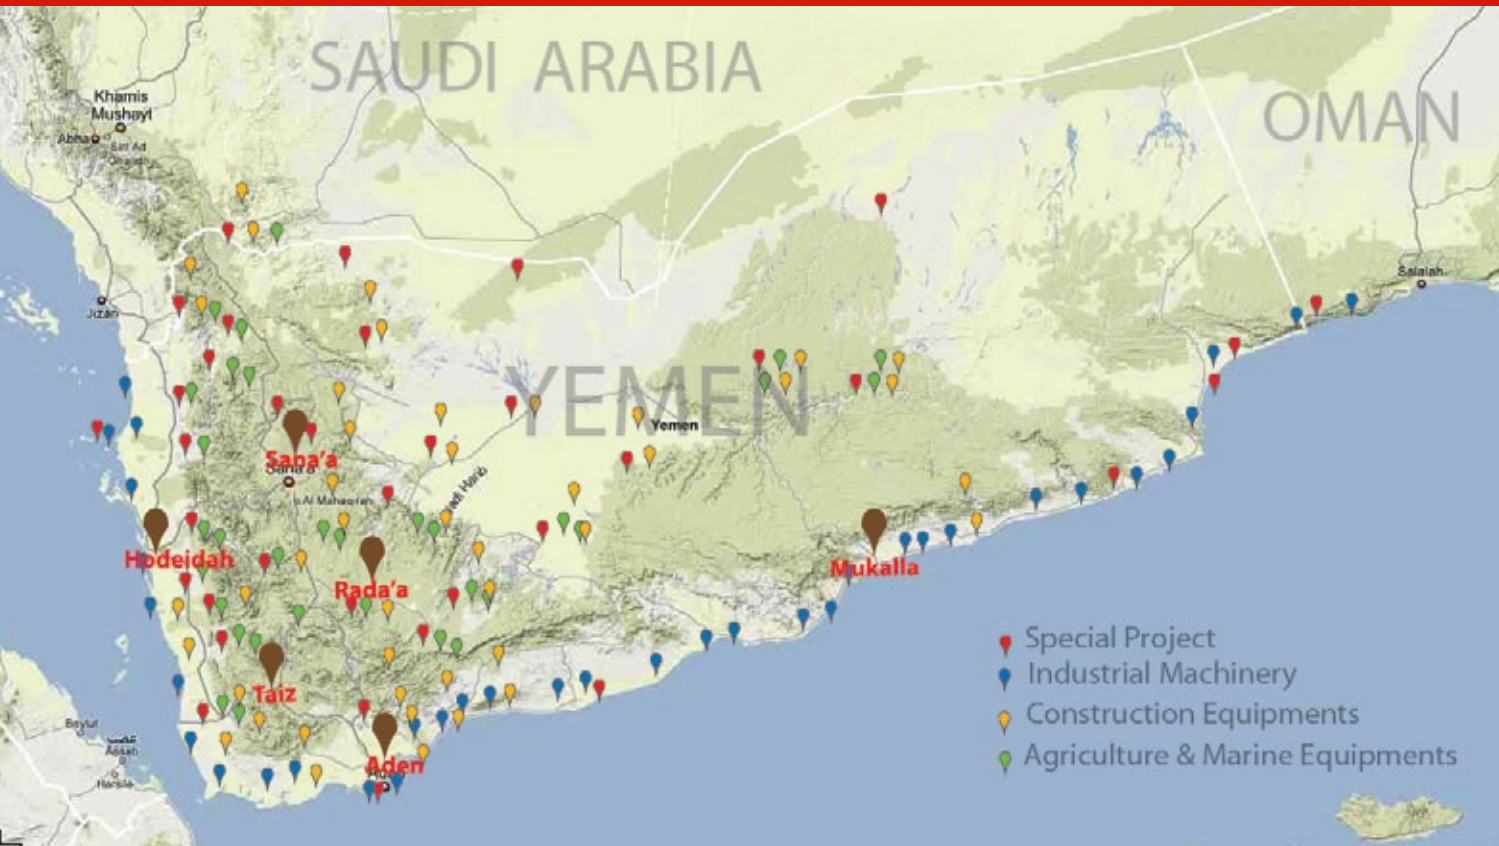

We foster an environment that encourages innovation, creativity, excellence and results through teamwork. We practice leadership that teaches, inspires, and promotes full participation and career development. We encourage open and effective communication and interaction.

Innovation

We recognize that innovation is the foundation of our business. We challenge ourselves to develop new and improved ideas for all that we do. We encourage, expect and value creativity, openness to change, and fresh approaches.

Organization Structure

Sales Centers

Jti serves its customers through a network of sales centers, spare parts and service outlets which are spread all over the country. With its headquarters in Sana'a, it has branches and outlets in Aden, Taiz, Hodeidah, Mukalla, and Rada'a.

Jti is Planning to open more distribution networks and increases its dealers at remote areas. Our prices are competitive as we believe that profit alone does not make business successful. The profit indicates how well business is carried out for the interest and well-being of all who are involved in it. If you want to get in touch with us, our qualified and update trading staff will be at your full disposal to offer you a qualified assistance by suggesting you the most suitable products.

“ We Work
Together for
a Better Future ”

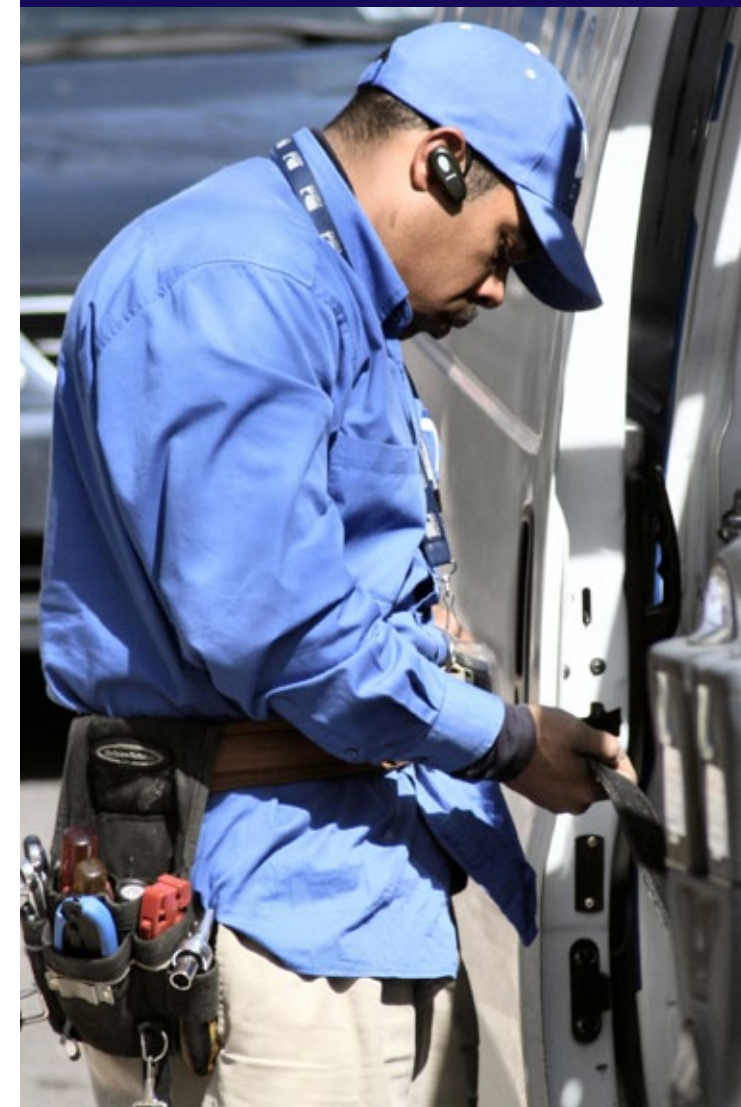

WARRANTY

After Sales Services

- 1- Warranty
- 2- Maintenance & Repair Workshop Center
- 3- Mobile Maintenance & Repair Workshop Units
- 4- Spare Parts
- 5- Training

In today's competitive manufacturing industry, it's important to know that you won't suffer financially, if the equipment you recently bought fails because of a manufacturing defect.

Jti gives you that assurance through an equipment break-down warranty. Our warranty offers you a level of confidence.

Our warranty offers you a
level of confidence

CUSTOMER SERVICE

On-Site & Remote Service

Customer Service

You know how important accurate service is.
